He is the best teacher I've had here at CSU. I am very impressed with his enthusiasm and ability to answer tough questions. If he didn't know an answer he always found out and answered the question the next day. Excellent!

He is by far the best math teacher I have ever had and is also probably the best teacher I've had so far in this University. He is very enthusiastic about teaching and was available 4 days a week before class to answer any questions you have. The class atmosphere was very conducive to learning and asking questions.
