He was an excellent Instructor.

Very polite and friendly.

He encouraged me to ask questions
and made sure that I understood.

Very encouraging

Possibly one of the best math
Instructors I have had here
at VNT

Dr. Roychowdhury is a wonderful, competent teacher. He was very good about teaching to both auditory and visual learners. This is the best I have ever done in a math class and I attribute that to his teaching, and helpful office hours.

This is an excellent professor for he is so approachable.

The only change I wish to have is to have the homework posted immediately after the first class in the week

Luckily, I have this professor as one of the math professors as he is very encouraging and positive

Prof. Rajchewdhury is a very good instructor and I enjoyed his class a lot.

He is relaxed, funny, but still teaches very well.

Mr. Roychowdhury is a very nice teacher who is very fair and treats his students and their questions with much understanding. My only recommendation is that he have an attendance policy because I believe his lack of one caused students to take advantage of their ability to miss class with no consequence.
